Exemption Certificate Instructions

This exemption certificate is to be completed by the purchaser claiming exemption from tax and given to the seller. The seller must retain this certificate as proof that exemption has been properly claimed. The certificate must be complete to be accepted by the seller. The seller can accept an exemption certificate only on property that is qualified (see the exemptions below) or based on the nature of the buyer. A seller failing to exercise due care could be held liable for the sales tax due. If property or services purchased for resale or processing are used or disposed of by the purchaser in a nonexempt manner, the purchaser is then responsible for the tax.

Exemptions:

Resale: Any person in the business of selling who is purchasing items to resell may claim this exemption. The purchaser can be acting as either a retailer or wholesaler and may not be required to have a sales tax permit. Retailers who do have a sales tax permit number must enter it in the space provided.

Processing: Exempt purchases for processing include tangible personal property which by means of fabrication, compounding, manufacturing or germination becomes an integral part of other tangible personal property ultimately sold at retail; chemicals, solvents, sorbents or reagents used, consumed, dissipated or depleted in processing personal property intended to be sold ultimately at retail; fuel used to create heat, power or steam for processing or used to generate electric current; and chemicals used in the production of free newspapers and shoppers.

Leasing: Exemption is applicable only to property leased where the lessor is in the business of leasing, the lease is for more than five months, and the lease or rental receipts are subject to Iowa sales tax.

Qualifying Farm Machinery/Equipment: The farm machinery or equipment must be directly and primarily used in agricultural production; and must be:

- a self-propelled implement such as a tractor • a grain dryer (heater and blower only)
- an implement customarily drawn or attached to a self-propelled implement in the performance of its function, such a plow
- non self-propelled equipment that does not become a part of real property used in dairy and livestock operations
- an essential replacement part for any of the above

Qualifying Industrial Machinery/Equipment/Computers: This machinery or equipment must be:

- used by a manufacturer • directly and primarily used in processing tangible personal property or certain other research activities
- a replacement part for the above

Direct Pay: Businesses and individuals who have a tax liability of more than \$4,000 in state sales and use taxes in a semi-monthly period can pay their taxes directly to the Department rather than to the seller. They **must** enter their Direct Pay permit number in the space provided.

Private Nonprofit Educational Institutions: Purchases made by private nonprofit educational institutions used for educational purposes are exempt.

NOT EXEMPT from sales tax are purchases by most other private nonprofit organizations such as churches, fraternal organizations, etc., for use by those organizations.
